Work Experience

Bay City News Service, Oakland, CA News Intern

August 2018 to Present

Write breaking news stories for the wire service on crime and arrests, politics, and events throughout the nine counties in the North Bay area. Alongside reporting, I work as the website manager for their sister site which requires uploading about 5-10 stories to the site, finding photos and graphics to go along with the stories, and keeping the front page with the most up to date headlines.

East Bay Express, Oakland, CA Education Reporter

January 2018 to August 2018

Work closely with the editors and writers as part of the core editorial team, sit in on management and staff meeting, and help make decisions about daily and weekly programming. Along with writing for the blog, I research and report on longer feature and investigative stories for print.

Richmond Confidential, Richmond, CA Education Reporter

August 2017 to December 2017

Report and produce weekly news stories on education and community issues with a focus on teacher's rights and immigration issues within the local public-school district. Stories have been published in both text and multimedia formats. Production methods included video, audio, photos, maps, data visualizations, and graphics.

WPTS Radio, Pittsburgh, PA Executive Producer

August 2015 to April 2017

Executive producer of a monthly, 30-minute, interview podcast, [in brackets]. Main duties included managing the in-studio recording session, editing and final mixing for each episode. Worked with ProTools audio editing software. Outside of the podcast, I wrote and produced 1-2-minute news clips to be played over the air daily.
